Dear Dr. Magpile:

I am one of your patients, and have been for a number of years. I appreciate what you have done for me in the past and perhaps will do in the future. It is good to know that Scripps, La Jolla has at least twice found me to be in very good health. On my last visit you discovered that my severe pain was brought on with "shingles". Because I am extremely allergic to the usual medication for shingles, I had to take, as one dose, 2 Advil and 2 Tylenol tablets to help with the pain. On a scale of 1 - 10, my pain for several months was a definite 10. I had to take those 4 pills every one to three hours day and night.

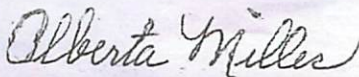

The reason that I am writing this letter is to let you know that I am, and have been under the care of James Dilliard, DC., being treated for pain, as well as proper spinal alignment. The nerve damage from shingles had to be treated and healed. After treatment from Dr. Dilliard, my pain went from 10 down to 8, then 5, and now there is no longer any stabbing pain.

Perhaps if you have other patients that are suffering and need relief, you might kindly refer such ones to James Dilliard, Chiropractor. His entire staff is knowledgeable, efficient, friendly and helpful. I have been impressed with the effective and gentle type of treatment he uses to address any problem one might have. His address and phone number is given below.
